 www.grayflex.com

By the pallet, pack or piece, Gray Flex has the most value added features in the industry and saves the contractor and distributor time and money.

*5 Layer
 R4.2/6.0

-R8.0 is 4 Layers-

PALLETS

- **Most bags per pallet in the industry**
- **Easy to load, unload and store**
- **Takes less storage space**
- **Water resistant for temporary outside storage**
- ***5 packs per pallet for easy material handling***
- **Contractor direct shipments – 5 pallets**

PACKS

- **Easy shipping to contractor or job site**
- **Convenient inventory control**
- **Easy storage**
- **Takes less space on trucks**
- **Move large quantities with hand truck**

PIECE

- **Convenient plastic bags**
- **Water resistant if rained on**
- **Strapped for easy handling - you can carry up to 6 bags**
- **20“(24” R8.0) package takes less space on truck**
- **Foot markers on flex for easy field measurement**
- **Tri-directional scrim in jacket – tear-resistant and stronger**
- **Extra reinforcement in core – stronger**
- **5-year warranty**
